REGISTRATIONS CLOSE: *Tuesday 15th February 2022*

The Australian Prayer Network does not charge for any ministry it undertakes so that no one is excluded from attending based on financial considerations. Delegates will be asked to share in a “Faith Offering” during the School to cover costs including speakers and to support the work of the Australian Prayer Network across the Nation. We believe this is an essential element of the School as we seek to prepare to take delegates to a new level of faith and trust in God and to experience in part what it means to be “totally available and radically obedient” to God.
